# THE *Scriptomatic*<sup>®</sup> ADDRESSING SYSTEM...

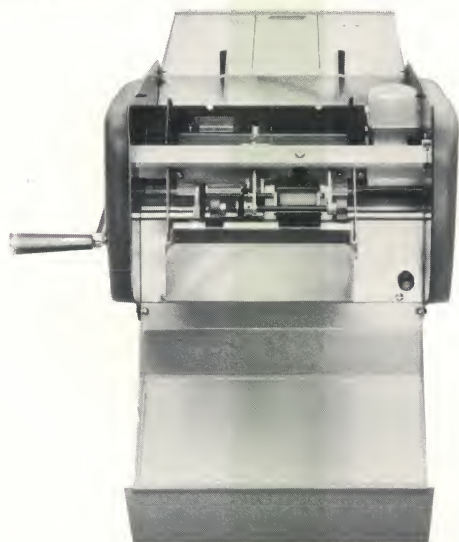

advanced engineering solves your  
expanding addressing requirements

1. You start with the exclusive Scriptamaster<sup>®</sup> Card. Just 2½ cents each.

2. Insert the Scriptamaster<sup>®</sup> Card in your office type-writer—type the name and address in the area designated.

3. Place the Scriptamasters<sup>®</sup> in the hopper of Scriptomatic Addressing Machine.

4. Your mail is addressed at a rate of 1,000 to 10,000 pieces per hour depending on the model of the Scriptomatic Addressing Machine you select.

## MODEL 32 . . . Comp

### Model 32 Features

- **Feed Table**—semi automatic—copy stock fed by operator—closes with copy receiving tray to form protective cover. Operating instructions printed on surface for quick reference.
- **Copy Guides**—adjust in seconds to accommodate various sizes of copy.
- **Operating Handle**—sealed oilite bearings create smooth easy operation.
- ◆ **Unbreakable printing fluid container**—check valve prevents spilling during filling operation.
- **Address Position Dial**—exclusive Scriptomatic feature enables the position of the address on the copy to be shifted from right to left with a simple turn of a dial.
- ◇ **On-Off-Switch**—activates electronic circuit that prevents Scriptamaster<sup>®</sup> from passing through machine without addressing copy material.
- ▲ **Resetable Counter**—counts number of masters fed into the machine (optional).
- △ **Scriptamaster<sup>®</sup> Card Hopper**—capacity 200 cards, may be continuously loaded.
- ✕ **Easily Accessible Fuse**—fuse changing accomplished without opening case.
- ✕ **Scriptamaster<sup>®</sup> Card Receiving Tray**—cards stacked and delivered face up.
- ✕ **Copy Receiving Tray**—easily adjusts to accommodate different sizes of copy. Material is delivered face up for instant identification.
- ✕ **Attractive Impact Resistant Case**—blends with every office decor.

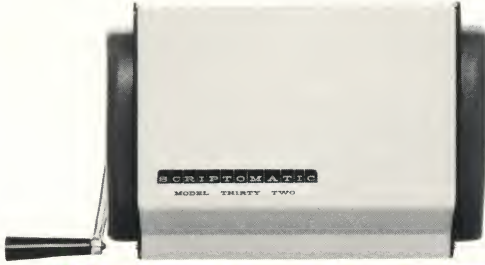

## act, budget priced, manually operated addressing machine.

Although budget priced, the Model 32 Scriptomatic Addressing Machine embodies many of the features found in our more elaborate models. This makes it possible for every office to avail itself of the only modern, efficient, addressing system . . . The Scriptomatic System.

The Model 32 utilizes the exclusive, low cost Scriptamaster® Card. They cost 2½ cents each—120 can be filed to the inch—they are prepared in seconds on your office typewriter. Changes of address or corrections due to errors can be made quickly and inexpensively.

The size or type of mailing presents no problems to the Model 32. A turn of a dial changes address location and a simple adjustment of the copy guides permits the machine to handle any normal size or type of mailing copy. Your promotional mail, invoices, labels, and envelopes . . . all your business mail is addressed cleanly, quickly, and economically. Anyone can become a skilled operator. It is a compact, quiet, attractive desk top machine, designed to be used in your office.
